

Key Changes Summary

This notice applies to customers on our previous Commercial Combined (COM) policies that are now being migrated to our current Business Combined (CMB) product.

Changes to your policy

Your policy has been re-issued onto a policy that is written in more up to date and clearer language and that is also available by electronic PDF, as well as on paper. This change will also allow us to consolidate into your policy document many of the changes to cover and excesses that have previously been applied by endorsement.

This document tells you about some important changes which will take effect from your renewal date. Your previous policy and your new policy do have various differences in definitions, cover, exclusions and conditions so it is important that you read this document.

However, this document does not form part of your policy contract. Please ensure you read the changes below in conjunction with your new policy wording and schedule. In the event that there is a conflict between these documents, the terms of your policy contract will prevail.

If you have any questions about your policy, whether that is in terms of cover or premium, please speak to your broker or insurance representative.

With kind regards

Your AXA team
